Mayer Economic Development Authority

In February of 2005 the Mayer City Council established an Economic Development Authority (EDA). The EDA meets on a monthly basis on the third Tuesday of the month at 6:30 PM.

The Mayer EDA is comprised of five members of which two are Council Members and the other three are representatives from the community. The EDA meets on the third Tuesday of the month and minimally meets quarterly.

The EDA has the following goals for 2011:

1. To attract one or more new businesses to consider Mayer as a place for commercial/industrial opportunities.
2. To continue to enhance community awareness and participation in community (redevelopment by promot-

ing Mayer EDA efforts.

3. To investigate/participate in commercial grant programs which enhance and complement community development.

4. To actively market/promote Mayer as a great place to do business.

5. To report consistently to the City Council regarding Mayer EDA proceedings

6. Continue to create partnerships with other government entities and private individuals to create opportunities.

7. Continue to explore land or business opportunities to increase the tax base of the City.

8. Continue to develop partnerships with the Carver County CDA to promote economic development.

9. Every year the EDA will review previous year goals and make changes as needed.

Some of the EDA accomplishments are:

Completed a business retention survey

Small Cities Grant

Established a revolving loan program for businesses

Established a marketing program

Partnered with developers on the development of HWY 25 and HWY 7

Promoted Fine Arts Fair

Recognition of new businesses

Small Business Grant and Loan Program

The City of Mayer applied to the Minnesota Department of Employment & Economic Development for grant assistance for the purpose of creating a program to assist in the rehabilitation of commercial spaces and residential units located within a specific project area in the downtown. **Guidelines for Commercial have changed to 50% grant and 50% Loan up to \$40,000. if you are interested please contact the City or Heartland Community Action at 1-800-992-1710**

The 3/50 Project

3 What 3 independently owned businesses would you miss if they disappeared?

50 If half the employed population spent \$50 each month in locally owned independent business, it would generate more than \$42.6 billion in revenue.

68 For every \$100 spent in locally owned independent stores, \$68 returns to the Community through taxes, payroll and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and nothing comes home.

Go Active!

Our vision for Active Living in Carver County is that all residents, no matter age or ability, will have access to opportunities to engage in daily physical activity and healthy lifestyles.

Go active and experience a healthier life! Use GoCarverGo to connect to trails, walking and biking routes, parks, and other physical activity events throughout Carver County.

GoCarverGo was initiated by Carver County Public Health and further developed as part of Carver County's Active Community Planning program, funded by Prevention Minnesota, a Blue Cross and Blue Shield of Minnesota initiative. Through collaborative planning efforts with multiple County Divisions and City Planners, we were able to gather information to create a county-specific gateway for all Carver County activities and opportunities related to active living. We hope you find the information and resources presented at GoCarverGo useful.

The City of Mayer has our trails on the website and would encourage residents to use the site. The following is the link to the web page. <http://www.gocarvergo.org/>

CITY OF MAYER MISSION STATEMENT

Building on our heritage, planning for the future, and enhancing the quality of life for its resident. The mission of the City of Mayer is to welcome new residents and businesses, provide the resource, opportunity, and environment necessary for growth, manage the City in a responsible manner and maintain a friendly, small town atmosphere.
