## New Garbage and Recycling Company

Garbage Services will be changing effective September 1,2020 from Republic Services to Waste Management.

The City has signed a five year contract with Waste Management that will go from September 1, 2020 - August 31,2020. The City requested proposals for services for the next five years. The City received 3 proposals and went with the lowest rates.

Services will remain the same with garbage and recycling.

Additional educational information will be provided to residents in the coming months as we begin the transition process.
